INTRODUCING THE NEW MEINL TREJON

ADVANCED CAJON TECHNOLOGY

Meinl percussion introduces its new Trejon, giving further proof of the company's leading position in the field of modern and advanced Cajon technology.

The Meinl Trejon is a breakthrough Cajon development. Three separate frontplates create three distinct tonal effects. It is similar to a drum set in that bass, snare, and tom sounds are in easy reach on the comfortably angled playing surface. The Ebony frontplates are exotic and stylish.

- Materials** Frontplates: Ebony
Resonating Body: Rubber Wood (*Hevea brasiliensis* Muell.-Arg.)
- Features** Three separate frontplates on angled playing surface
Bass, snare, and tom effect
Internal adjustable snare wires
Angled frontplate for more playing comfort
Great bass tone
Adjustable top corners
Padded sitting surface
Wide sound options
- Finish** Matte
